

Test Prep Workshops

High School Students

Fall 2020 Schedule

SAT Prep Workshop (LLC 5209)

This workshop provides an overview of the SAT test and recommends success strategies for teens. Students take pre- and post-assessments that address the subjects Reading, Writing and English and Math. Included in the class materials are two complete practice tests, review sections and test-taking strategies. Textbook and other class materials are included in the class fee. Students must bring a calculator and a #2 pencil to class. Bring a sack lunch.
